GLOBAL PARTNERSHIP AND LEADERSHIP DEVELOPMENT

PREMISE

One of the most important set of skills required in today's dynamic world is leadership skills. This has become increasingly evident as we have attempted to adapt to the escalating changes in our society and workplaces over the past century. As we try to take command of our own destiny and guide the destinies of our families, communities, organizations and our planet, the necessity of effective leadership ability in building and leading a productive and high performance team has become increasingly obvious. Effective Leadership is one of the keys to our future success and survival especially as corporate entities.

A leader's cultural sensitivity to local ideas about goals and values, performance improvement systems, conflicts between quality and quantity, standards of service to stakeholders, work rules, decision making and information management has a strong impact on his/her effectiveness. This workshop on 'GLOBAL PARTNERSHIP FOR LEADERSHIP DEVELOPMENT' focuses on the importance of global partnership for the utmost delivery on effective leadership development objectives, with focal point towards the eight millennium development goals within the parameters of global development operations.

SPECIFIC OBJECTIVES

At the end of the programme, participants would be able to:

1. Apply some key methods and practices in leadership development
2. Describe the methodologies for systematic application of Leadership Development for specific organizations via global partnership initiatives.
3. Build partnership with international organizations to strengthen their organizations

4. Effectively analyze the different leadership development resources as a guide for what needs improvement.
5. Choose elements of the leadership methodologies that best serve the needs of their current leadership tasks in global partnership initiatives

COURSE CONTENTS

1. Overview of Global Partnership for Leadership Development
2. Developing Global Leadership: Issues and Challenges
3. Developing effective global partnership: skills and methods
4. The Role of Leadership in Development Sustainability
